Dear Mr. Takano San and the MFJ Community,

It is with great sadness that we learned of the massive earthquake and tsunami that devastated Japan a few hours ago, causing a great deal of loss and damages.

The FIM Asia and the entire FIM member nations join us in expressing both our most profound condolences and sympathies, as well as our solidarity with the MFJ and the people of Japan, as you strive to cope with this tragedy whose devastation, it pains us, are still unfolding.

During this difficult time, I assure the MFJ that the FIM Asia stands ready, to extend any support and assistance within its capability, as Japan strives to cope with the aftermath of this tragic event.

Please accept, our deepest sympathies and sadness for this destructive power of nature were in was out of our human control and we hope for your swift recovery for this act of nature.

Sympathetically Yours,
