Group Personal Accident Insurance

Our Insurance service provider will be increasing our Group Racing Personal Accident premiums for 2010 due to a substantial increase in claims over the years. To give a more affordable option to our members, we have managed to negotiate a lower insurance coverage option for all our members. Kindly find the premium amounts for the various insurance packages attached. SMSA will continue to work with the insurance service provider for the most attractive premiums on a yearly basis.

Do note that it is mandatory for all applicants of International Competition License and National Competition License intending to compete in West Malaysia or any country outside Singapore to take up this insurance policy. For National License holders who do not intend to compete outside Singapore, we would strongly encourage them to also purchase a Group Racing PA policy. However, for 2010, SMSA is allowing these members a choice to opt out on condition that an Op-Out Form is duly completed and signed at the time of application for competition license. All Competition License holders are required to subscribe to the Group Racing Personal Accident policy from 2011 onwards.

For International License holders who are competing in FIA, CIK, FIM & UAM championship events, the insurance coverage **MUST** be increased to the amounts mandated by the respective International Sporting Codes and the Supplementary Regulations & Appendices.
